# Blazing Trails – Duck/Raccoon Enrichment Class Details for Summer 2017

NOTE: You must attend at least 3 class days/wk (not counting fieldtrip days) to choose UNDERLINED courses.

## WEEKS 1 & 2

**MARKETING & PRODUCTION** – Explore the concepts of marketing and production from creating a company name and logo & developing a sales pitch to refining a product (e.g. homemade fruit snacks, energy bars, trail mix and dip seasoning packets).

**GUITAR** – Take this opportunity to explore learning to play the guitar. Also, great for those who have some experience and wish to build skills.

**DUNGEONS AND DRAGONS** – These two weeks will give both old and new players time to build and design characters, learn the rules, and play a new adventure. This activity gives lots of opportunities for teamwork, imaginative storytelling, cooperative game play, and practical math. **Registration for this class must include our signed permission slip. Ask Andy for details.**

**JEWELRY MAKING & CLAY CRAFTS** – This enrichment is for kids who want to learn about jewelry making and clay handicrafts. Kids will learn to make decorative jewelry including paper rolled beads, clay pendants, and friendship bracelets. We will do lots of creation and discussion of shapes, designs, color and patterns.

**DODGEBALL** – Build your skills! See Blackie’s Games schedule for details!

## WEEKS 3 & 4

**ART AROUND THE WORLD** – This enrichment class is for kids who want to learn about different arts and crafts from around the world. Some of the items we will make include: worry dolls inspired by Mexican and Central American worry dolls, Javanese puppets, and Ukrainian eggs. Kids will learn about a number of cultures, express their creativity, and learn skills like measuring, mixing colors, cutting and composing.

**WOODWORKING** – Join us to learn about and practice using hand tools for woodworking. In a culture of safety and respect, we’ll do lots of measuring, sawing, drilling, hammering, sanding, designing and planning while creating simple projects and freeform wood sculptures.

**DIY BATH PRODUCTS & CANDLE MAKING** – During the first week, make your own bath products from bath soap to bath bombs, lip balm to toothpaste. Our second week will be filled with making many different kinds of candles. From the science to the scents, we’ll have a great time!

**WORLD CULTURE** – Explore exciting places around the world through a wide range of activities lead by some of BT’s own experienced world travelers. Great fun!

**BASKETBALL** – Build your skills! See Blackie’s Games schedule for details!

## WEEKS 5 & 6

**FLOWER POWER** – The Power of Flowers in the world can’t be denied or over estimated. Through color, form and sometimes food, we’ll have a great time eating fruit, making the flower of the day, painting and coloring a mural, taking hikes and pressing flowers and much, much more! Learn to appreciate the power of flowers in our lives.

**GUITAR** – Take this opportunity to explore learning to play the guitar. Also, great for those who have some experience and wish to build skills.

**SPACE** – Learn about the cosmos and how we interact with it. See what it's like to be an astronaut by making a spacesuit helmet and astronaut food. Understand the differences between space objects by using everyday items here on Earth. Experiment with gravity using toy cars, paper airplanes, and testing an egg drop from the top floor of the school.

**PAINTING, PRINTING, & PAPER CRAFTS** – Learn about painting, printing, and papermaking! We will be doing lots of measuring, cutting, and color-mixing while making stamps, silk screen prints, homemade paper and more! Find out about different textures and what factors into printing and absorption.

**BASEBALL/KICKBALL** – Build your skills! See Blackie’s Games schedule for details!

## WEEKS 7 & 8

**SONG WRITING** – Learn the craft and fun of writing songs. Explore rhythm and rhyme, tone and message. Loads of fun and inspiration!

**READ IT, MAKE IT, EAT IT!** – Join us for a week of activities based off the crazy cool “Pete the Cat” books. Then spend the next week reading stories, cooking and eating food from different cultures.

**LEGO SIMPLE MACHINES** – We will build with LEGOs to explore wheels, axels, levers, pulleys, gears, and a counterbalance. There will be opportunities to do problem solving/design activities as an extension of each lesson.

**POEMS & PLAYS** – This is the moment to write some, read some, perform some! An unforgettable time to be had by all!

**NET GAMES (soccer, hockey)** – Build your skills! See Blackie’s Games schedule!

## WEEK 9

**CAMPING & SURVIVAL** – Our BT expert guides have lovingly crafted a week of engaging activities, eye-opening info and amazing practicality. We’ll all be prepared for the next adventure when we’re done.

**LEATHER CRAFT** – Learn basic techniques to create patterns, punch holes and sew your own wallet, coin purse or pouch out of leather.

**DINOSAURS** – The last week of our summer program this year will offer a series of paleontology activities to learn about dinosaurs. Participants will get to go on a mini-archeological dig, find out how scientists work with fossils by putting together their own models, and learn about modern day animals that are actually living dinosaurs.

**BAKING FUN** – Following directions is its own reward! Have fun and gain skills to read, measure, and mix ingredients through following amazingly yummy recipes.

**OBSTACLE COURSE** – Build, practice and beat your best time! See Blackie’s Games schedule for details.
