<b>5:45-6:00</b>	Den, Movement and Clean Up

\*Bolted items in the schedule are explained in more detail below

**The Lynx CoR spends a lot of the day together and may choose, as a group, options other than what is written on this schedule. There are also times when Lynx students may choose Badger options.**

**Open Den:** Students may choose from self-directed projects anywhere in the Den (large classroom). Some tables will be set up with an interesting art or science project including directions and questions to think about. Other options (building blocks, Legos, K'nex, felt board, library, games, etc.) will always be available for students to access themselves.

**Morning Movement:** All students may choose from a number of moving options like Aerobics/Line Dancing, Musical Jump Ropes & Hula Hoops, "Walkabout" on the big field, *Wheels!* or other options.

**Enrichment Options:** Enrichment is a new format we're starting this summer. We've expanded our "clubs" idea from past years and created more in-depth curriculum that can span one or two weeks. Students will pick their 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> choices and then will be assigned to an enrichment class. Adding the larger time block to our schedule will facilitate exploration, discovery and a more child-centered approach. Students will have the time and attention to really build skills and explore interests. Please, read the Enrichment descriptions on the back of the Summer Games Flyer for more details. You must arrive at BT by 10:00 AM.

**Lynx Projects:** Project choices are listed on the "Lynx Summer Schedule" calendar (See the other side of this page). Activities are opportunities for learning and include elements of SPS academic standards and are flexible enough for individual creativity and expression. Most curriculum options have been chosen by the Lynx group themselves.

**Blackie's Games:** Games are listed for each day on his separate schedule. There will also be a time slot at the end of the day for a game students choose themselves. They will use various approaches designed to build skills and expand understanding of rule concepts and applications.

**Water Time:** Any student may choose to join the outside fun with water when it's offered according to their CoR assignment (on Blackie's Schedule). However, they must have a swimsuit or "wet" clothes (no jeans) and a towel! Curriculum can vary with sprinklers, slip-n-slides or water balloons, etc. Check "Blackie's Schedule" for more information.

***WHEELS!*** (*This option will be available during Morning Movement and certain recess time slots. Check with Andy for more details.*) We created this choice so kids can build their "wheel powered" skills. The time of day for bikes, scooters or skates (NO skateboards) may vary. You & your child must meet all our requirements (signed contract & equipment fit & condition check) to take part. Participation is completely at BT staff discretion.

**Read, Rest & Recharge:** The Lynx will take a break at this time through a number of activities – anything from a soothing art project to relaxing to music. Options will vary each day.

**Fieldtrips** on the calendar begin at 9:00 AM sharp (unless otherwise stated). We plan to return by 5:30 PM. Make sure you check for each specific fieldtrip cell phone number (posted next to sign-in sheet) so you may contact the group, if necessary. For reference:

Rita's cell number is (206) 459-4976

Mckinsey's cell number is (206) 914-2494

Certain fieldtrips may have an added cost and/or may have attendance restrictions.

**For safety concerns, late arrivals may NOT join fieldtrips.**

Walking Fieldtrips are possible on any given day and are not marked on the schedule. The teachers will have radios and will stay relatively close to Pathfinder on this kind of walk.
